

## **EXPLANATION OF COMMISSION DETERMINATIONS ON ADEQUACY**

in

### *Polyethylene Terephthalate (PET) Film from Korea* Inv. No. 731-TA-459 (Second Review)

On May 9, 2005, the Commission determined that it should proceed to an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission determined that the domestic interested party group response to the notice of institution was adequate. The Commission received a single response filed on behalf of two domestic producers, DuPont Teijin Films and Mitsubishi Polyester Film, LLC. Because the Commission received an adequate response from domestic producers that collectively account for a significant portion of U.S. production of the domestic like product, the Commission determined that the domestic interested party response was adequate.

The Commission did not receive a response from any respondent interested party, and therefore determined that the respondent interested party group response to the notice of institution was inadequate. In the absence of an adequate respondent interested party group response, and any other circumstances that it deemed warranted proceeding to a full review, the Commission determined to conduct an expedited review. A record of the Commissioners' votes is available from the Office of the Secretary and at the Commission's web site (<http://www.usitc.gov>).
