

## **EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY**

in

*Preserved Mushrooms from Chile, China, India, and Indonesia*, Inv. Nos. 731-TA-776-779  
(Second Review)

On January 4, 2010, the Commission determined that it should proceed to expedited reviews in the subject five-year reviews pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission received a single response to the notice of institution filed by the Coalition for Fair Preserved Mushroom Trade and its individual members L.K. Bowman Co., Monterey Mushrooms Inc., the Mushroom Co., and Sunny Dell Foods, Inc. (collectively “the Coalition”). The Commission found the individual response of each of these domestic producers of preserved mushrooms, which contained company-specific data, to be adequate. Because the four producers that are members of the Coalition collectively account for a substantial share of domestic production of preserved mushrooms, the Commission further determined that the domestic interested party group response was adequate.

The Commission received no response from any respondent interested party, and therefore determined that the respondent interested party group response to the notice of institution was inadequate for each of the orders subject to review. In the absence of an adequate respondent interested party group response or any other circumstances warranting full reviews, the Commission determined to conduct expedited reviews.

A record of the Commissioners’ votes is available from the Office of the Secretary and the Commission’s web site ([www.usitc.gov](http://www.usitc.gov)).
