

EXPLANATION OF COMMISSION DETERMINATIONS ON ADEQUACY  
in  
*Chlorinated Isocyanurates from China and Spain,*  
Inv. Nos. 731-TA-1082-1083 (Review)

On August 6, 2010, the Commission determined that it should conduct expedited reviews in the subject five-year reviews pursuant to section 751(c)(3)(B) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)(3)(B)).

The Commission received a single response filed jointly by domestic integrated producers Clearon Corporation (“Clearon”) and Occidental Chemical Corporation (“OxyChem”). Clearon and OxyChem estimate that they represent two-thirds of all domestically-produced chlorinated isocyanurates. The Commission found the joint response of the domestic producers adequate. The Commission also determined that the domestic interested party group response to its notice of institution was adequate.

No responses were received from any respondent interested parties. Consequently, the Commission determined that the respondent interested party group response was inadequate.

The Commission did not find any circumstances that would warrant conducting full reviews of the orders. The Commission, therefore, determined to conduct expedited reviews of the orders.

A record of the Commissioners’ votes is available from the Office of the Secretary and on the Commission’s website (<http://www.usitc.gov>).
