

EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY

in

Uranium from Russia
Inv. No. 731-TA-539-C (Third Review)

On October 4, 2011, the Commission determined that it should proceed to an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).^{1 2}

The Commission received responses to its notice of institution from: (i) USEC, Inc. and the United States Enrichment Corporation (a domestic producer of natural uranium and low enriched uranium); and (ii) Power Resources, Inc. and Crow Butte Resources, Inc.(domestic producers of natural uranium).

The Commission determined that the responses described above were individually adequate. The Commission also determined that the domestic interested party group response was adequate, and that the respondent interested party group response was inadequate. The Commission did not find any circumstances that would warrant conducting a full review. Accordingly, the Commission determined to proceed to an expedited review.

A record of the Commissioners' votes is available from the Office of the Secretary and the Commission's web site (<http://www.usitc.gov>).

¹ Chairman Okun is not participating in this review.

² Commissioner Lane voted to conduct a full review.
