

EXPLANATION OF COMMISSION DETERMINATIONS ON ADEQUACY

in

Sebacic Acid from China, Inv. No. 731-TA-653 (Review)

On March 5, 1999, the Commission determined that it should proceed to an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Act, 19 U.S.C. § 1675(c)(3)(B). The Commission determined that the domestic interested party group response was adequate. In this regard, the Commission received a response from the sole domestic producer of sebacic acid. Because the Commission did not receive a response from any respondent interested party, the Commission determined that the respondent interested party group response was inadequate. The Commission did not find any circumstances that would warrant conducting a full review. The Commission therefore determined to conduct an expedited review.
