

## EXPLANATION OF COMMISSION DETERMINATION OF ADEQUACY

in

*Furfuryl Alcohol from China*  
Inv. No. 731-TA-703 (Fourth Review)

On April 10, 2017, the Commission determined to conduct an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission received a single response to its notice of institution filed on behalf of Penn A Kem LLC (“Penn”), a domestic producer of furfuryl alcohol. The Commission unanimously found Penn’s individual response to be adequate. Because Penn represented a substantial share of domestic production of furfuryl alcohol in 2016, the Commission unanimously determined that the domestic interested party group response was adequate.

The Commission also unanimously determined that the respondent interested party group response was inadequate, as no respondent interested party filed a response to the notice of institution.

The Commission did not find any circumstances that would warrant conducting a full review.<sup>1</sup> The Commission, therefore, determined to conduct an expedited review of the order.

A record of the Commissioners' votes is available from the Office of the Secretary and at the Commission's website ([www.usitc.gov](http://www.usitc.gov)).

<sup>1</sup> Vice Chairman Johanson voted to conduct a full review in light of the time that has transpired since the Commission last conducted a full investigation in this matter.
